In presenting this annual, we, the class of 1945, sincerely hope that it will remind you of the four short years that were spent in Leaksville High.

HONOR GRADUATES

HONOR GRADUATES
1944-1945

Seventeen boys and girls of a class of ninety-nine have the distinction of being honor graduates. From the eighth grade through the eleventh, students work hard to average 90 or more so that they may have their names of this list.

Few honors come to students that are more coveted than this one, for it represents four years of labor, of perserverance, of responsibility, and of trustworthiness. Many make the average a few times or a year or two, but few finish high school with this record.

This year our valedictorian is Emily Suttenfield. Our salutatorian is Faye Dix. There were others just a little lower than this as it has been a close race all through the years. We are proud of each of them and hope that they will continue to carry on their good work.

The seventeen honor graduates are as follows:

Emily Suttenfield
Lois Thomas
Faye Dix
Dorothy Howe
Marian Evans
Lerma Janney
Ann Norman
Camilla Roberson
Ouida Burke
Kathleen Smith
Charlotte Thomas
Joy Butler

VALEDICTORY

Classmates: As we come to the time when we shall part, possibly forever, we all have many regrets that the years of school life are coming to an end. These years have been some of the happiest we shall ever know, and the friendships and memories we have gathered will never fade from our minds.

From all the students to the teachers who have guided us through the difficult times in our years of school goes all the admiration, respect, and gratitude which we can give. They have given us their friendship as well as guidance, and they have done their best to lead us along the path to a brighter future.

As we venture forward on the road of life, it is up to us to uphold the standard of our class. We go forth into a world which needs leaders to guide it to a peaceful way of life. From this class of '45 will come many of those leaders. The democracy of our future world depends on the youth of today. I am sure the members of our class will do the job to the best of their ability and come through with flying colors.

On leaving our joyful years of childhood, may all members of this class set a high goal for themselves and strive to reach it.

As we embark on the bigger jobs of the future, to all the class goes a heart felt wish for a "Bon Voyage".

Emily Suttenfield

SENIOR CLASS PROPHECY

Ladies and gentlemen, we are gathered here tonight June 30, 1990, for a debate. The query for debate is "Was the senior class of 1945 lazy or not?" I, taking the affirmative side after forty-five years, would like to prove to you, my most worthy opponent, Mr. Nobody, and above all to the judges, that this class was not lazy. I shall give you a group of points and facts to prove my side of this question. They are as follows:

1. Andrew Collins and Virginia Frazier have become world-wide famous for their diverting book, <u>How To Reduce in Twenty Years</u>.

2. Billy Marshall and Kenneth Frazier, who were inseparable in their school days, and are now joint owners of a dazzling night club. Also Shirley Self, Betsy Wilson, Lenna Janney, and Betty Davis are their main stars.
3. Lois Thomas owned and managed a very nice beauty shop until one day she actually drowned a little girl while shampooing her hair.
4. Mary Ida Price has practically become a second Florence Nightengale since she went in training in a hospital in Morganton.
5. John Combs owns a very progressive little farm just outside this city. By the way, to those who really knew John, I would like you to know that he finally turned over his daily task of milking to that charming wife of his, none other than Jean Steele.
6. Another very important fact is this. You people here tonight would probably freeze to death in the winter and suffocate in the summer if it were not for the Ellis twins for they own the only ice and coal plant in this city.
7. Bobbie Fodrell and Billy Roland have been nationally selected as Mr. and Mrs. "Dehydrated Couple".
8. Camilla Roberson sacrificed all the men in her life just to be a school teacher.
9. Ouida Burke has the leading part in the radio program,"Penny Faces Life".
10. I also hear that Jack Holt and Rush Wilson are working their way through some kind of institution. It must have something to do with music because it is called Sing Sing.
11. Ralph Cox, and Betty Knight, who finally got married, are now the leaders of the Girl and Boy Scouts in this community.
12. Clara Allen, Ann Norman, and Joy Butler are fashion models in New York under Billy Payne, a famous dress designer.
13. Phillip Scott, once a very heroic basketball player, has now settled back to the quiet life of a preacher.
14. Faye Dix is the manager of the new A.& P. Super Market. They say that her husband, Johnnie Burnett, certainly enjoys an easy life. (The lucky Thing!)

I could continue with a great deal more of this nature, but time will not permit me. So I hope that

when the judges make their decision, they will remember how necessary these people are to their own existence.

Dorothy Howe

LAST WILL AND TESTAMENT

Leaksville, North Carolina

We, the Senior Class of 1945 of Leaksville High School, realizing that the end of our existence in high school must come, do hereby bequeath the possessions that are most prized by us to those who seem most deserving.

1. Ouida Burke leaves her musical ability to Vivian Thomas.
2. Jack Holt's flattering expressions go to Allison Siler and may they bring him results.

CLASS HISTORY

It was only four years ago on a September day that we, the Senior Class, feeling very green and meek, came to Leaksville High School for our first time. It didn't take long for all the newness to wear off, and soon we were in the midst of new activities. Just before school was out, we prepared our freshman Annual for publication. Imagine our disappointment when we found out that we could not get anyone to print it for us.

When we came back the next fall, we were quite prepared for everything and in a very short time had organized some clubs. We also took part in a number of other activities. By this time, we were beginning to feel sure of ourselves and were unconquerable in spirit. Finally the year was over and our eyes and thoughts turned to the days when we would be "jolly Juniors".

When we returned in 1943, we found that even though our class had decreased in number through the years, we were still striving for our aspirations and ideals that we had set when we first entered this school. Rush Wilson was chosen to be our president for the third time; and under his supervision, we gave a very successful Junior-Senior reception.

Then, again, we returned in the fall of 1944 to face our last year of high school. This time we selected Bill Smith to lead us through the rest of our trials

and tribulations. Although disappointed many times, we finally had our share of happiness when the rings came in March. In February, we began preparations for our Annual and chose Phillip Scott as our editor. Almost immediately everyone began to plan for our Commencement exercises.

Now that we have finally completed these years of school, at least some of us realize that in a few years we will look back on high school as one of the brightest spots in our life.

SALUTATORY

Dear Parents, Faculty, and Friends:

On behalf of the Senior Class of '45, I extend to you a hearty welcome to our graduation exercises. Perhaps no other time in our lives will mean so much to us as these few nights when we gather up the threads that have bound us together for four years and see the end of that life and the beginning of a new.

We cannot possibly express our gratitude and appreciation for the help which you have so kindly given us during the past years, not only in school life but also in the many other things where your guidance, sympathy, and understanding have been continuously shown at all times.

Now, as we have this institution of learning, let us remember that "Knowledge is strength." Many of us will seek further knowledge in formal education while still a greater number will enter the fuller school of life. It is true that your greater knowledge and experience will be needed here again, and tomorrow, are building on strong foundations that will light the way for futuredemocracy.

In closing, we way to you, our parents, faculty, and friends,...thanks for everything,;;;.especially for being the guides and molders of our future.

Again we bid you welcome!

Hey! hey! look this way
We to the seniors would like
to say.....
For four long years you've kept
your place
Now move over, guys, and give US
space!

In the football game we showed
this school
Who should have the supreme rule.
With your consent--we'll take it
now
And , by golly, we'll show you how-
We'll take it apart and build it
right
And make OUR schoolma glorious
sight.

It'll be.....
Tops in clubs, athletes too-
We'll keep benches in the park
warm too!
But seriously now...we'd like
to say
You're all O.K. (In your own
sweet way).

GIRLS' GLEE CLUB

BIBLE CLUB

The year 1944-45 completes the second anniversary of the Bible Club in Leaksville High School. Our club for this year is composed of sophomores, juniors, and seniors who are interested in the promotion of the study of the Bible.

We meet every Wednesday in the school cafeteria. We have had some very entertaining and impressive programs during the year. Also we had several socials which every one enjoyed a great deal. In the spring we had our annual banquet which was a gala occasion.

We elected officers twice during the year. The ones for the first semester were:

President----------Emily Suttenfield
Vice-President----------Kenneth Frazier
Secretary & Treasurer-------Earline Winn

The following served during the second semester:

Vice-President----------Rush Wilson
Secretary & Treasurer---Camilla Roberson

GLEE CLUB

President-Betty Knight; Vice President-Lemma Janney; Secretary-Treasurer-Annie Ruth Haley; Accompanist-Hal Shinn; Wardrobe Mistress-Peggy Craddock.

The well-educated person is one who has a knowledge of other things besides those things which are essential. The members of the glee club realize that among these "other things" music occupies a lofty place, for there is in every personality something that demands it.

Only those things which lead us to a higher and nobler plane of thought are worth while; and nothing can do this more readily than music. Thus the glee club has done its part in creating an atmosphere in the high school and the community which has contributed to higher thoughts and actions.

The forty girls who make up the glee club have spent many enjoyable and profitable hours together during the year.

The chorus has given concerts at the various churches and clubs in the community. These have been at the Spray Baptist Church, the Leaksville Baptist Church, the Leaksville Methodist Church, and the Leaksville and Reidsville Lions Club. The glee club sang at the American Legion Oratorical Contest given at Wentworth on March 16, 1945.

This group under the splendid diraction of Mrs. Lawrence Wilson meets every day for practice. We can truly say of this group, "They can say it with a song".

MIXED CHORUS

BOY'S GLEE CLUB

This first year of the Boy's Glee Club in the high school has been very successful. Through the glee club the boys have not only learned to appreciate better music but have enjoyed the informal classes and the performances given. The boys have sung at the First Baptist Church, First Christian Church, the Rotary Club, Leaksville Methodist Church, Junior Carolina Council, and Chapel Programs at school.

The glee club has bought robes and has paid for them through it efforts in singing. The boys have rendered compositions by Bach, Gounod, and other well-known composers. The glee club has been very fortunate in having as its director Miss. Doris E. Marshall and wishes to express its sincere appreciation for the efforts she has shown. Miss. Peggy Sapp has been the accompanist since she came from Stoneville School.

The officers of the club are: Pres: Archie Buckner; Vice-Pres: Fred Gibson; Secretary: Billy Marshall; Treas: Billy Sedell.

HISTORY CLUB

NEWSPAPER STAFF

HISTORY CLUB

This year a new organization, the History Club, was formed in our school under the able leadership of Mrs. Chandler and Mrs. Starling. It is composed of American history students who want to join. There are no requirements except the desire to be a member and an interest in history. The main purpose of the club is to promote the study of history and to keep up with present-day events.

At the first meeting we elected the following officers:

President----------Billy Payne
Vice-President----------Faye Dix
Secretary-Treasurer-----Camilla Roberson

We meet on alternate Tuesdays in the cafeteria during home room period. An interesting program is given each time and refreshments are served. The dues are .05 each meeting.

A typical program is one composed of a quiz (prizes are awarded), a short talk, a discussion of the influence of history on present world conditions, and a review of what we can do to help win the war and the peace.

The club, although new to the school this year, has made a place for itself that will be continued in future years. From this club will come orators, debators, quiz geniuses, and students with practice in presiding over meetings.

The club did not enter anyone in the American Legion Oratorical contest this year as it had just been organized. However, one program was devoted to a discussion of the subject, The Constitution in a Changing World, and many good ideas were given by the students.

CUB REPORTER

The Cub Reporter plays a vital part in the lives of the students of Leaksville High School. The staff is elected at the first of the year by the students. The paper is divided into classes and features such as: sports, clubs, gossip, advertisements, school news, and service men's news.

The staff tries to print a fair version of all issues that arise. It is published by the students and for the students. Much experience in reporting and writing is given to those who wish to take part.

VOCATIONAL SCHOOL

HOME ECONOMICS CLUB

THE LEAKSVILLE-SPRAY VOCATIONAL TEXTILE SCHOOL

The Leaksville-Spray Vocational Textile School, located in the old Nantucket building, is operated in connection with the high schools of Leaksville and Draper. The courses are therefore set up on a nine-months schedule. These courses are offered to the students during their last three years. At the present time three courses are offered, and each of them gives to the student an opportunity to earn two units.

Each of these courses really goes very much into detail along its particular line of study. For example, in the Weaving and Designing class during the year's time, the student is trained in operating the loom here in the school. He is taught the names of parts of the important motions on the loom. The classes make up four or five 96-yard warps and put them on the loom and weave the cloth. The student is taught shrinkage in warp and filling in the weaving step. Five or more pieces of cloth of different weaves are studied and an analysis sheet through many of the simpler weaves. The other two courses are Carding and Spinning and the course in Machine Shop. These courses are equally interesting and beneficial to the student.

Any fellow who is interested in either of these courses would do well to take them up and really follow through with the idea of getting some benefit from them, for today the fellow who has had some training and experience has the advantage over the fellow who has not had such training. It can safely be said, all other things being equal, the boy who has had training in the Vocational School will have an an advantage in securing a job and of holding that job because he has had such training. He also stands a greater chance for promotions. At each commencement a list of the boys who have finished the courses in the school is turned over to the personnel department of the plants of the Tri-Cities.

HOME ECONOMICS CLUB

For the first time in the history of our Home Economics Club, it is affiliated with the State and National Home Economics Club. To meet the requirements of the State Club, the girls made fifty war Russian relief garments for the state project. For our school project, we constructed forty robes for the Glee Club. Our community project is to aid in the decoration and supervision of the "Teen Age Room" in town if one is established.

We have a total enrollment of forty members. At the beginning of the year officers were chosen as follows:

President----------Marian McGuire
Vice-President----------June Bryant
Secretary----------Mable Rickman
Treasurer----------Betty Ellington
Reporter----------Joan Brooks

Formal initiation exercises were held in chapel to install the new officers and to initiate the new members. A Candle-light ceremony was used to add beauty to the occasion. On the same day the girls were informally initiated.

Our first social event, the sponsoring of a Valentine dance at the Comminity Club House, was very successful. The center of attraction was the crowning of the Valentine Sweetheart. She in turn introduced the officers of our club. Several other things were presented on the program.

The goals of our club and of the clubs all over the state are mainly to encourage in members an appreciation of home making and a great interest in the establishment of happy homes, to develop worthwhile self-appreciation through creative experience, and to foster international good will.

We wish to thank our leader and adviser, Miss Whitworth, to whom the success of our club is largely due.

BOW TIE CLUB

BOW TIE CLUB

BOY'S BOW-TIE CLUB

The Bow-Tie Club was organized during the past year by the senior boys for the purpose of promoting the use of bow-ties in the high school. The juniors may attain membership by invitation and the vote of the club membership. The dues are ten cents per week. All members are required to address fellow members as "Mr," while the club is in session. The order of the club is truly that of a dignified nature and the club tries to stress gentlemanly conduct. The club has had many activities during the year, including being host to the Girls Bow-Tie Club.

Each member is required to wear a bow-tie every Thursday. Officers of the club are: Billy Sidell, President; Billy Smith, Vice-President; Billy Marshall, Secretary; and Paul Chappell, Treasurer.

GIRL'S BOW-TIE CLUB

A new club, the Bow-Tie, was instituted into our school this year. The "must" of the club is that each girl has to wear a bow-tie to each meeting.

The highlights of the club have been the several informal dances which have been a complete success. There have also been several joint meetings of the girls and the boys.

Although this is the first year our school has had such a club, it has been well carried out. Our hope is that this club will continue in existence in the future.

TRIALS AND TRIBULATIONS

The seniors have really had their share of trouble this year. They aren't really troubles; it is just that things don't always happen as we wish they would. But life is usually like that!

This year we thought we were being very wise in ordering our class rings early. We had hoped that by ordering them early we would receive them at least by the last of January. We were profiting by the experience of classes of past years. However, it didn't work out that way as the company was making war materials, so we had to wait. But a bombsight is more important than a ring, we realize.

Next came the matter of pictures for our annual. We decided to have them taken early so we could get out the annual a month or so before the close of school. They were supposed to come two weeks after we saw the proofs; as usual, they didn't come.

Also a little matter of exams. enters into our worries. For some of us it is necessary that we pass all our subjects this year. But when it comes to exams. we get a little worried. Almost everyone pulled through the first semester. All 99 of us have hopes of graduating.

So you see, my young classmates, it isn't all so rosy, although it is pretty nice when you put all your memories together.

JOKES

Billy: "Something seems to be the matter with the motor".

Norma: "Don't be foolish, wait until we get off this main road".

Morris: "What is the difference between a sewing machine and a kiss?"

Dorothy: "I know they're different but you tell me".

Morris: "One sews seams nice and the other seems so nice."
